Kingsbridge Educational Trust Health and Safety Policy

Statement of Principles

The Board of Directors (BoD) of Kingsbridge Educational Trust (KET) [the Trust] will meet its responsibilities under the 'person in control of premises' under the Health and Safety at Work etc. Act 1974, the Management of Health and Safety at Work Regulations 1999 and other health and safety legislation to provide safe and healthy working conditions for employees, and to ensure that their work does not adversely affect the health and safety of other people such as pupils, visitors and contractors.

The Trust will ensure that effective consultation takes place with all employees on health and safety matters and that individuals are consulted before delegating particular health and safety responsibilities to them.

Where necessary the Trust will support staff to seek specialist advice to determine the risks to health and safety in the establishment and the precautions required to deal with them.

The Trust will provide sufficient information and training in health and safety matters to all employees in respect to the risk to their health and safety.

All employees must follow instructions to ensure the maintenance of high standards of health and safety in all school and trust activities.

The BoD and senior leadership of KET are committed to:

- a. Providing a safe and healthy learning and working environment.
- b. Preventing accidents and work-related ill health.
- c. Compliance with statutory requirements as a minimum.
- d. Assessing and controlling risks from curriculum and non-curriculum work activities.
- e. Ensuring safe working methods and providing safe working equipment.
- f. Providing effective information, instruction and training.
- g. Monitoring and reviewing our systems and prevention measures to ensure they are effective.
- h. Setting targets and objectives to develop a culture of continuous improvement.
- i. Ensuring adequate welfare facilities exist throughout the organisation.
- j. Ensuring adequate resources are made available for health and safety issues, so far as is reasonably practicable.

The Trust recognises that:

- it has a moral duty to take all reasonable steps to prevent people being harmed;
- accidents cost money, particularly in terms of lost time, repairs and investigations, and increasingly such costs have to be met from limited budgets;
- it has a legal duty imposed by the Health and Safety At Work Act and other Regulations to provide a safe place of work, safe plant and equipment, safe systems of work, a safe working environment, adequate facilities, safe methods of handling, storing and transporting goods, information, instruction and training; and take reasonable care of the health and safety of others;
